2025

## Welcome to the Wonderful World of Roller Derby!

We are excited that you are interested in joining our league and have put together some information to get you started while you wait to participate in your first practice. Badfish Roller Derby, founded in January 2014, is a skater-operated, full-contact, locally competitive, flat track roller derby league. We strive to maintain home teams as well as a competitive travel team. We nurture a family-friendly atmosphere and give back to our local communities through donation and volunteer opportunities. We fundraise to support our league travel team expenses, specialty league events and prizes, pertinent league equipment and ultimately a permanent space to use for future practice and bouts.

### **Inclusivity Statement**

Badfish Roller Derby is committed to cultivating a safe environment that is welcoming to all skaters, coaches, officials, and fans. We, as a league, recognize the positive roles that diversity and inclusivity play in creating a skating society that we are proud to be a part of. Badfish remains dedicated to affirming and empowering all skaters, regardless of age, race, body type, gender, sexual identity, religion, or nation of origin.

### **League Communication Channels**

### **TeamSnap: Badfish Roller Derby**

Once new skater paperwork has been turned in and the first month of dues have been paid, skaters will receive an invite to download and create a TeamSnap profile. TeamSnap is where you will confirm your availability for bouts and practice scrimmages, see practice schedules and Badfish events, house contact information (legal full name), upload copies of your medical insurance and WFTDA insurance (for School skaters). It is very important if any information changes to keep your TeamSnap profile up to date.

### **Discord: Badfish Roller Derby**

Once new skater paperwork has been turned in and the first month of dues have been paid, skaters will be invited to join the Badfish Discord Server. We have different channels for the three levels of skaters (Guppies to The School) where we share league announcements, practice information, Bad-Fit-Club, and our Chatter (informal conversation) channel. Discord is our primary source of league information so be sure to check the channels regularly for all announcements.

**Bad-Fit-Club** is a channel on the Badfish Discord server. It is for active members to share and promote off-skates training and workouts. Additional off-skates training will improve your overall speed, muscle recovery, balance, hits, stance, stopping and holding power on the track. Workouts can be strength/ weight training or cardio.

### **Requirements and Guidelines To Count Towards a Make-up Practice**

- Share a written post and a post-workout selfie in the Bad-Fit-Club Discord channel listing the major muscle groups worked and duration of your workout. You can share your sets/weight if so inclined.
- Each workout will count as 25% of make-up credit towards a missed practice.
  - Ex: 4 workouts = 1 missed practice
- Maximum of 2 workouts per month will count toward make-up credit.

### **Badfish Roller Derby's Three Level of Skaters**

**Guppies** – Our Guppies (known as Fresh Meat in the larger derby community) are the new roller derby skaters. These skaters are not cleared for contact (hitting) during practice or any Badfish bouts or scrimmages. Guppies are welcome and highly encouraged to participate in Badfish-hosted scrimmages as Non-Scoring Officials (NSO), e.g., penalty box timer, score keeper, etc., to learn the rules and flow of the game.

As a guppy you will learn the basics over the course of a structured 3-month Guppy Program, focusing on new skating and derby skills each week. At the end of the 3-month program, each new skater must pass an on-skates assessment and a written roller derby rules exam to become a Sea Monkey.

To be eligible to participate in Assessments, all new skaters must:

- Join the program before the first month of practices are complete.
- Have at least 66% attendance throughout the 3 months of the program.

- Be in good standing (e.g., up-to-date on monthly dues, submitted all new skater paperwork).

**Sea Monkeys** – Skaters who have completed the Guppy Program, passed minimum skills assessment and written test, and are on the verge of becoming a part of The School. This group is encouraged to learn from the school so they are eligible for full contact, practicing with The School when invited by the coaches. Sea Monkeys are not roster eligible for bouts.

**The School** – All skaters cleared for contact. You may engage in roller derby activities, including full contact scrimmages and bouts. Get on rosters, go to scrimmages, and soak up all the derby knowledge out there!

**The School Bout Day Roster: What goes into making the bout day roster?** – Selection consists of the below. Selection of the roster will be at the discretion of the coaches and captains.

- Bout Skill Level
- Skater Attendance
- Skater Availability
- Sports-personship and Attitude
- League Priority and Dual Leagues

**Skater Attendance** – Attendance is mandatory. Skaters must come once a week to remain in good standing with the league and you must have at least 66% attendance overall to be in the initial players considered for bouts. Once the 20-person roster has been announced for a bout, skaters must maintain an 80% attendance to keep roster position. Dipping below the 80% attendance could result in substitution with the roster's alternation skaters. We do know that life happens so if you have a schedule conflict, please talk to a coach, captain, or board member.

**Dual Derby Leagues** – Learning from other leagues and skaters is a fantastic way to grow your personal skills with other leagues, however when it comes to roster selection, priority be given to skaters who dedicate their time primarily to Badfish.

### **League Requirements and Information**

Dues are \$43 per month, due on the 1<sup>st</sup> of each month. There is a \$5 late fee for dues paid after the 10<sup>th</sup>. Payment can be submitted through PayPal ([badfishtreasurer@gmail.com](mailto:badfishtreasurer@gmail.com)) or Venmo (@BadfishRollerDerby). PayPal payment type should be *Personal Payment*.

Skaters are required to join and actively participate in league events. Roller Derby is known for its DIY nature. It takes every one of us working hard to make games happen. Each skater will have duties on game/event days. If you are not assigned a specific duty, please volunteer!

To be an official league member, the signed waiver, code of conduct, contact form, copies of personal medical insurance card and a photo ID must be turned in to a Board Member or emailed to [BadfishRollerDerby@gmail.com](mailto:BadfishRollerDerby@gmail.com).

Attendance is mandatory. You must come once a week to remain in good standing with the league and you must have at least 66% attendance overall to be in the initial players considered for bouts.

Members must always have good sports-personship and attitude on skates and off.

You must obtain Women's Flat Track Derby Association (WFTDA) insurance within 90 days of joining or before your first game, whichever comes first (\$80 per year in 2025).

Learn the rules of the game. Go to the WFTDA website (<https://rules.wftda.com>) and read/print the current rules. There are a lot of rules and many can be confusing so ask tons of questions.

### **Tips on Preparation Training**

If you are new to skating or just getting back into after a long break, try to be in your skates as often as you can. The more you do in your skates, the quicker you will progress at practice. You need to feel comfortable with wheels under you before you can really work on being successful at the skills required to play derby. Other tips to help you along:

- Strength, endurance, and core training are essential to becoming a great derby player.
- Practice outside of scheduled derby practice hours to become the best derby player possible.
- You will progress MUCH faster the more you are on your skates. If you need suggestions, just ask a coach.

**Don't Get Discouraged!** Remember, we all started somewhere. Some of us had never skated until we started playing roller derby. Keep coming to practice and give your BEST effort. Effort requires zero ability and can be given by anyone. Roller derby is not for everyone, but the roller derby community and our derby family can be. So even if you prefer no-contact skating or no skating at all, we have a spot for you within the league.
